STATE OF INDIANA

DEPARTMENT OF LOCAL GOVERNMENT FINANCE

INDIANA GOVERNMENT CENTER NORTH 100 NORTH SENATE AVENUE N1058(B) INDIANAPOLIS, IN 46204 PHONE (317) 232-3777 FAX (317) 232-8779

October 1, 2008

The Honorable Kelly Rose Benton County Assessor 706 East 5th Street Fowler, IN 47944

Dear Ms. Rose:

RE: 2008 Annual Adjustment Ratio Study

The Department of Local Government Finance has reviewed the information and data you originally submitted for the Benton County 2008 ratio study as well as the supplemental information. The Department hereby approves the ratio study results based on the study presented without verifying the actual data in order to allow the preparation and delivery of the real property list to the County Auditor pursuant to IC 6-1.1-5-14.

Further studies may be warranted in order to ensure that the annual adjustment process was followed. Additionally, we would encourage you to use all possible sales, which lend greater validity to the sales ratio study.

In conjunction with our Data Analysis section, please continue to ensure your sales disclosure file database is compliant. For assessment year 2009, your 2007 and 2008 sales disclosure data files must be compliant with the rules of the DLGF.

If you have any questions or concerns, please feel free to contact Barry Wood, the Assessment Division Director, at (317) 232-3762 or by e-mail at Bwood@dlgf.in.gov.

Sincerely,

Cheryl A.**W/. M**usgrave

Commissioner

cc: Barry Wood, Assessment Director

This letter is supplemental to the Microsoft Excel spreadsheet containing the Benton County 2008 Ratio Study data. The excel file named Benton County 2008 Ratio Study contains a tab for each of the seven required classes of property to be analyzed as well as a summary tab with a synopsis of the required data. The excel file does contain formulas to assist in your analysis.

Benton County is a small rural county with approximately 7,568 parcels. Of the total number of parcels approximately 41% are agricultural parcels. Only 5% of all parcels are classified as Commercial Improved/Vacant and or Industrial Improved/Vacant.

Improved

Do to an insufficient number of sales in the rural area in like twsps we combined all twshps with no towns or small towns with no amenities. This includes Gilboa, Hickory Grove, Parish, Pine, Residential Richland, Union and York

Vacant residential Commercia ۱& Industrial

Do to an insufficient number of sales in the rural area we combined all twshps.

Industrial Improved and Vacant and Commercial Improved and Vacant: Due to the minimal number of valid sales all sales are combined in one ratio study and listed as County Wide.

Hopefully this letter of explanation will assist you in your review of the Benton County 2008 Ratio Study.

This letter is supplemental to the Microsoft Excel spreadsheet containing the Benton County 2008 Ratio Study data. The excel file named Benton County 2008 Ratio Study contains a tab for each of the seven required classes of property to be analyzed as well as a summary tab with a synopsis of the required data. The excel file does contain formulas to assist in your analysis.

Benton County is a small rural county with approximately 7,568 parcels. Of the total number of parcels approximately 41% are agricultural parcels. Only 5% of all parcels are classified as Commercial Improved/Vacant and or Industrial Improved/Vacant.

Improved Residential

Do to an insufficient number of sales in the rural area in like twsps we combined all twshps with no towns or small towns with no amenities. This includes Gilboa, Hickory Grove, Parish, Pine, Richland, Union and York

Vacant residential

Do to an insufficient number of sales in the rural area we combined all twshps.

Commercial Industrial Improved and Vacant and Commercial Improved and Vacant: Due to the minimal & Industrial number of valid sales all sales are combined in one ratio study and listed as County Wide.
